

IELTS Writing Task 2 – Pattern

- Read the question – answer the question
- 4-5 paragraphs
- 270 words (recommended)
- Be specific
- Transition words
- Range of vocabulary

1. **express opinion**

Introductory : (2-3 sentences)

- *General statement* - introductory issue + counter
- *Thesis Statement* – state your claim

Body : (4-5 sentences)

- give your opinions
- elaborate (2 examples per body at least + may include results of the certain examples)

Concluding : (1-2 sentences)

- restate & summarize

2. **give views about two different opinions and give your own discuss advantages and disadvantages,**

Introductory :

- summarize issue
- How important is this issue? (ex: the topic is still an ongoing debate)
- restate your opinions / advantages or disadvantages

Body :

- against > for, for > against (for = an argument in favor of....)
- examples

Concluding :

- give your own opinion (personally, I....)

**3. solution to a problem by suggesting measures
discuss causes and suggest solution**

Introductory :

- summarize problem
- origin
- prediction (and restate the question)

Body :

(ถ้าถามเรื่อง Cause ด้วย)

- Main cause → effect → consequence
(Solution)
- suggest possible solution
→ example/consequence → result

Concluding :

- give hope that if you take these into actions the problem will be solved
OR
- Who should take the responsibility for this matter?
